

June 19, 2025

Greetings to our Manchester Community Schools Family,

The Manchester Community Schools Board of Education is proud to announce that we have officially approved the contract of our next Superintendent, Mr. Steve Head.

Mr. Head comes to us with a wealth of experience in education and a passion for student success. Mr. Head and the board are excited for this opportunity to work together, along with our entire Manchester Schools family, as we embark on this new chapter for our district. One filled with opportunities to grow, innovate, and continue our commitment to excellence in education.

We would also like to extend a heartfelt thank you to the MANY students, staff, and community members who took part in input sessions and surveys to help develop our candidate profile, attended interviews and meet and greets, filled out a multitude of feedback forms, and provided invaluable input during the process. Your involvement since last March is deeply appreciated! We could not have done this without you!

We will be sharing out soon a more formal announcement/ introduction and engagement opportunities to get to know our new educational leader.

With great respect and enthusiasm for our future!

Sandra Wiitala  
President, Manchester Community Schools  
Board of Education
