

# Student Screening

Follow the directions below if your child displays symptoms or has been exposed.

## Symptoms

- Temperature 100.4 degrees Fahrenheit or higher
- Sore throat
- New** uncontrolled cough that causes difficulty breathing (for students with chronic allergic/asthmatic cough, a change in their cough from baseline)
- Diarrhea, vomiting, or abdominal pain
- New onset of severe headache, especially with a fever

## Close Contact/Potential Exposure

In the past 14 days, has your child:

- Had close contact (within 6 feet of an infected person for at least 15 minutes) with a person with confirmed COVID-19; OR
- Had close contact (within 6 feet of an infected person for at least 15 minutes) with person under quarantine for possible exposure to COVID-19; OR
- Had a travel history

If the answer is **YES** to any of the **symptom** questions, keep your child(ren) home from school.

If the answer is **YES** to any **symptoms** question and **YES** to any **close contact/potential exposure** question, **call the school as soon as possible** to let them know the reason your child(ren) won't be there today. Call your healthcare provider right away. If you don't have one or cannot be seen, go to the Washtenaw County Health website for up-to-date testing sites. →

If the answer is **YES** to any of the **symptom** questions, but **NO** to any **close contact/potential exposure** questions, your student may return based on the guidance for their symptoms:

- Fever: at least 24 hours have passed with no fever, without the use of fever-reducing medications
- Sore throat: improvement (if strep throat: do not return until at least 2 doses of antibiotic have been taken);
- Cough/Shortness of breath: improvement
- Diarrhea, vomiting, abdominal pain: no diarrhea or vomiting for 24 hours
- Severe headache: improvement

**Disclaimer: This screening tool is subject to change based on the latest information on COVID-19**
